“ Mr. Jackson was my teacher at NCHS. It was a honor to learn from such an intelligent and inspiring man. Throughout the years, his wisdom and regular episodes of “Eyes of the Prize” in class has never escaped my memory.

Tameka and family, I pray for your peace during this time. He will truly be missed.

With Love,

“ *Tameka and I worked together.*

I had the great honor to meet her father when he agreed to allow me to interview him for a paper I was writing for an African American studies course for college about fraternities and sororities.

We had lunch at Maggiano's in Buckhead and he allowed me to ask him questions about his life and fraternity experiences.

I've never forgotten that day or the man!

He was stoic but forthright. Candid without telling it all. I enjoyed our visit immensely and from that day on it has been one of my fondest memories. He didn't have to spend any time with me but he did it for Tameka!

I always asked after him since then.

He was a kind man and he will be missed.

My prayers go out to Tameka and her entire family.

God Bless!

“ My grandfather is a really intelligent man. I'm proud that I was able to atleast meet him & have great memories of him & his parents as well. He's in very Good Hands with God. As my granddaddy use to always say to me, "We're on the right road now!"

My grandfather is on the right road now to heaven & I'm sure my mother is there to guide him around to be with the rest of my ancestors. I Love You Grandpa. Thank You for Everything! You are a Very Good African American Man. You Took Good Care of All of Your Children & Grandchildren! None of us wouldn't know what a Good Black Man is if it wasn't for You Being that. Continue to Swim in Peace. I don't cry much, I Celebrate Your Life. You are Home with your Family. You can visit & protect all of us without being in pain now. 💖 We have always prayed over you & the Lord knows better than us that it was time to let your body go so you can be a stronger spirit angel warrior for him. Thank You for Serving & Surviving out of the military to raise all of us. You are amazing grandpa! You have done alot & your job is complete on this Earth.

Typo: His Father, but My Great Granddaddy Clemon said, "We're on the right road now." 😊 I have Good Memories of them both. I Miss Both My Great Granddaddy & My Granddaddy. Grandpa Carlton lived to 90 years young. That's a very long time. That's a Blessing these days! He's definitely a man that passed away an Honorable dignified way. Forever My Biological Grandfather! Atleast, I grew up seeing you in my life. I'll never forget you peeping in my high school class at me one time. Lol 🤔 My classmate said, "Julia, are those your grandparents watching you through the window?" 🗿👤👩😭 I can't do nothing except laugh about the fun memories that I have. Grandad was very funny as well. He has the sense of humor that made people think twice about their life decisions. That's where all the Jackson's gets their humor from. It just runs in the family. 🤔💕

To my handsome father. Daddy, It's been almost 3 years now, and I miss you so much. The years that you were working to provide for us, we spent time on the weekends, but as I got older and would be able to talk to you on the phone, were some of my most memorable. We would have long conversations about everything, and nothing. It was just time spent together on the phone. I remember that we used to take road trips with the family. Being little, we filled the car, and kids were everywhere, in the floorboards, back window, front seat. We never cared that we might be uncomfortable, because we were just together and with you. You had a long life, and I am so glad that I was a part of it. We are making it here without you, but I miss your laugh. I miss the old stories. I miss your peace. I pray that you soul has no troubles. I pray you are still at peace. Much love always. To the best Dad ever. Your daughter (Spook)

“ Carlton was my best friend from elementary school through our entire life. He was one of the kindest and the most reliable person you ever want to meet. In fact, Carlton was more like a brother than just a friend. I loved him dearly and I am sure that the love was reciprocated.
