“ I knew Chris from work and he was the best. Not only was he extremely knowledgeable, he was just a good guy. Always willing to help. Always taking the time to explain, in a manner a non IT person can understand. My heart goes out to his loved ones and I will keep you in my prayers.

“ I want to extend my sincerest condolences to Chris' beautiful family. I just wanted to share what a wonderful colleague he was. When he was assigned an IT request, I was so relieved because of the high level of professionalism and competence with which he carried himself. When he left CDC for private industry, many of us were very disappointed because he left such a void. When he returned, we shared the news widely because he was so well liked. Of course, then he was taken to the Roybal campus, which is also indicative of what great work he did. Many people at CDC are very sad to hear this news and are thinking of you and praying for you.

“ Mrs. Hoffman and family. I am so sorry for your loss. Tears are shed. I did not know Chris, but saw the CDC announcement this AM. I pray for comfort and strength. I pray for a healthy grieving process and much support. I pray God's arms to wrap around you and your girls. I pray for strengthening of your faith when there is so much questioning. I pray for patience with those who do not know what to say and so say things they are not helpful though they have good intentions. Please accept my virtual hug to your family.

“ Mrs. Hoffman and Family, I am so very sorry for your loss. Chris will definitely be missed. He was such a great guy and always so helpful no matter how many times I had to bug him regarding our computer equipment. You all have my deepest condolences and I pray that God will give you peace and comfort your hearts.

**Stacey Mattison Jenkins** - September 17, 2015 at 09:29 PM

MT

“ Chris was always such a great guy to work with, very helpful and accommodating. Once when my son was in high school, Chris gave him an introduction to the world of CDC AV support. This was so impressive to us, that he would give two hours of his time to a random high school kid he never met. This is just one example of the 110% Chris gave to us all the time. We will miss him! “ I am deeply saddened to learn of Chris' passing, and send my heartfelt condolences to his family and loved ones. Chris had a smile for everyone and was passionate about helping others. He always asked after my nephew, who wanted to have a career like Chris' but didn't quite know the way. Chris was there to help. His kindness and humanity will not be forgotten.

“ Chris welcomed me to CDC in the Office of the Director, National Center for Chronic Disease Prevention and Health Promotion during the summer of 2001. Chris was the consummate professional, helpful, knowledgeable and an all around nice person. A few months ago, I bumped into Chris in the elevator at the CDC GCC. Chris actually remembered me. I feel blessed to have known Chris and my thoughts and prayers will be with you, his family and friends. I am saddened by your loss (and CDC's).

“ Chris was always the one I would call on when I needed help with equipment or a bridgeline or whatever I or anyone in my branch needed. I considered Chris a friend. He was always there to lend a helping hand and answer any questions I had. He was always so kind and patient and he was extremely knowledgable. I am truly going to miss him and my heart and prayers go out to his family, friends and colleagues.

*May God be with you all, holding you in His arms and giving you His peace and assurance that Chris is with Him now.*

**Steve Monroe** - September 18, 2015 at 07:21 AM

SH

*Chris will be deeply missed. I met Chris on the Koger campus and then when I moved to Roybal campus, Chris was there. He was a such a pleasant person even when there was an IT fire to be put out! He always had a smile and a such a calmness that eased any chaotic atmosphere. CDC was blessed to have a person like Chris on board. Comfort & Peace to the Hoffman Family!*
