“ My heartfelt condolences, Dani and family - Diane and I have been friends since grammar school, successfully maintaining a relationship through the years.a special friend. Always warm, inviting, with a great sense of humor. And blessed with both inner and outer beauty. Rest easy, my friend.

“ You were always so sweet to me and my family! I have always heard good things about you. I wish I had taken you and Danielle up on the offer to come out and visit years ago. I wish I had gotten to know you for myself. Aunt Jerry and my mother always talked so positive about you. I was praying for you when I heard what you were going through thinking she is too good of a woman to be going through all that. I will now be talking to you in my prayers. I love you and your spirit, no more pain.
