“ *Kayon,*

*You were always courteous and respectful when you came to visit. You will be truly missed, your younger siblings truly adored you. They are taking your unexpected passing rather hard. We will overcome this in time and may you use your great voice in heaven to rejoice along with the heavenly choir.*

“ Kayon, my big brother, the 1/5, i find comfort in the fact that the first night you passed away, you came to find me in my dream and kiss me on my forehead. I feel like you are my angel now. Im going to miss you always saying “I’m the oldest” and sticking your hands in the air. You were the best. I hope you and DJ kickin it up there. I love you beyond what words can say. We miss you but we know we will see you again one day. Love, babygirl.
