“ Me and Tonita dated for about 8 years. She lived with me for about 4 years in Midtown (Atlanta). Interesting that as different as we were, we got along very well. The best relationship I have had in my life. Totally different person off stage than when she was on stage. Very sweet, caring and giving. As big as her personality was on stage, she was quiet off stage at home. I remember when we first met, meeting her grandmother, etc. She moved on, and so did I, but to my friends I always talk about her and our time together and how two very different people still were able to make a very long relationship work. Never argued, no fighting, ever...in about 8 years. I can't believe she's gone, very unfortunate.

I say this to you Tonita, I hope you have as much fun and more on your next journey as you may have had on this one and I hope to see you again when my journey on this side ends. I love you Dirty and will miss you very much.
