“ Mr. Harris was a resident at Riverside Healthcare Center where I am worked. I often would pop my head into his room and tell him hello. He would ask, " who is that?" And I would reply, "Your friend, Kapreka Paprika." He would laugh and repeat my name as Paprika. He told me he used to be a chef and would use paprika to cook with and thought of it when saying my name. He would later stop calling me Kapreka and started calling me Paprika, which I did not mind. We would laugh about it. I will surely miss our chats and my nickname given to me by him. My sympathy goes out to Ms. Merna Harris (so sweet) and the Harris family.
